

Logos Lantern

BRITANNIA

Cookies, cookies, cookies! This month we hosted Youngstown School for chapel, so our students decided to bake cookies as a snack for the elementary kids. I think we all underestimated the amount of time it would take us to bake and decorate 150 cookies, but 3 classes and a lot of flour later, we had enough cookies to feed everyone!

I am continually impressed by our Britannia students every time we host chapel. I love seeing them welcome the kids with high fives and smiles! I appreciate the effort they put into making worship a fun and engaging experience. I also admire the bravery of our students to take on the role of speaking and leading games. Overall, chapel was a success thanks to our great group of students!

When we weren't baking cookies or planning for chapel, we spent time reading the Bible. This month we finished up the story of Joseph, and enjoyed watching, "Joseph, King of Dreams". We started the story of Exodus and will be working through that over the next few weeks.

SCHOOL SPOTLIGHT

This spring, we are looking forward to finding new ways to serve the rest of the students in our school. Student ideas have ranged from cooking a school-wide breakfast, to hosting a talent show, to planning a field day. We will see what ends up taking shape, but I have no doubt that our students can accomplish whatever they set their minds to!

School Updates

KENSINGTON

Grade 1 and 2 have been learning about God's gifts to us. One of those gifts is our families. We have been talking about Moses' transition from his biological family to an adopted family and how God remained with him and guided him throughout his experiences. Our families guide us with Biblical principles and encourage us to be our best selves, by adopting the character of Christ. We thank God for our families!

Throughout March, the Grade 3 & 4's continued to explore the concept of being "bucket fillers," learning how Jesus desires us to treat others with compassion and respect. We emphasized that even small acts of kindness can make a big difference in someone's day. We reminded ourselves that we are all "the handiwork of God," each a unique creation and a work in progress.

As March drew to a close, we celebrated the arrival of Spring! We discussed how God is the ultimate creator, orchestrating the beautiful cycle of seasons. We took time to appreciate the warmer weather, longer days, and the renewal that Spring brings. It's a wonderful reminder of God's constant presence and the beauty he creates around us.

HARDISTY

The grade 1&2 Logos students have been overjoyed in welcoming Pastor Stefan and Tinisha into our class weekly. Their energy and passion for Jesus is contagious and we have absolutely loved our devotion time together. With a focus on Psalm 139:14, students have been learning about how they are uniquely and wonderfully made and serve a very important purpose in God's Kingdom.

This month, the Logos grade 5&6 students continued their study of Micah 6:8 - "And what does the Lord require of you? To act justly and to love mercy and to walk humbly with your God." They explored the lives of Richard Allen, Martin Luther, and St. Patrick, examining how each exemplified the principles of justice, mercy, and humility. While learning about individuals throughout history whom God called to remarkable missions, students are encouraged to reflect on how they, too, can live out their faith in their daily lives.

YOUNGSTOWN

March has been a quick and full month at Youngstown. At the beginning of the month, our Logos classes were fortunate to walk over to Britannia for Chapel- which is a highlight for many students! In class, the K/1 class has been focusing on learning all about the Armour of God over the last few weeks. The 4/5 students have been using a variety of worship songs on their Worship Wednesdays to look closely for figurative language and other ELA outcomes. The Logos division 2 students routinely memorize scripture which is also directly tied to examining and demonstrating how listening and speaking support connections. We are impressed with their effort and consistency to know and love God more. The 5/6 class has been exploring biblical throughlines in Social with class elections, signing up for municipal council departments, and in their team building activities. Students have been community builders, God worshipers, and order discoverers!

QUEEN ALEXANDRA

Here at Queen Alexandra, our March Chapel featured "The Chapel Show!" The grade 5&6 students hosted a talk show that shared facts and questions for the audience about people and stories from the Bible. Our enthusiastic dance team also led us through Songs of worship!

The International Day for the Elimination of Racial Discrimination was on March 21. Each student created a kindness card and bookmark for a fellow student in our school. Each card contained a kind message or uplifting phrase. It was amazing to see the smiles as cards and bookmarks were shared. <3

In an act of reconciliation, this month at QA, we have been busy coming up with ideas and voting for our new school mascot! Each class has voted on their mascot that will now be entered into the whole school vote. We are excited to reveal what our new school mascot will be that will symbolize our entire school community!

BELMONT

An update from our Grade 5/6 class:

We have been exploring the book of Matthew, focusing on key teachings and stories from Jesus' life. We have had discussions about faith, forgiveness, and compassion. Each morning we create a new comic book panel as a response to the daily story with the goal of having a complete comic book by the end of the year.
